eVA Vendor Registration: The bidder or offeror must be a registered vendor in eVA prior to making the first Application for Payment. Bidder or offeror must include the cost of the eVA transaction fee in its bid. The eVA transaction fee will be assessed approximately 30 days after each purchase order is issued. Any adjustments (increases/decreases) will be handled through eVA change orders.

Subcontracting Plans and SWaM Spend Reporting: Each prime contractor who wins an award in which a provision of a small business subcontracting plan is a condition of the award (see Instructions to Bidder, item 17) AND is not individually certified as a Small, Woman Owned or Minority Owned (SWaM) vendor by the Virginia Department of Small Business and Supplier Diversity (SBSD) (http://www.sbsd.virginia.gov/certification-division/) shall deliver evidence of compliance through the submission of the subcontracting template linked below with each payment request.

The University has established SWaM business target goals of utilizing at least 50% Virginia certified small businesses for this construction project. This target utilization is in accordance and in support of Virginia Governor Northam’s Executive Order 35 released July 3, 2019. Access to the full text of Executive Order 35 can be found at this site: https://www.governor.virginia.gov/media/governorvirginiagov/executive-actions/EO-35-AdvancingEquity-for-Small,-Women,-Minority,-and-Service-Disabled-Veteran-owned-Businesses-in-StateContracting.pdf. EO35 requires establishment of a target goal of 50 percent subcontracting to small businesses on any construction project. If an awarded firm is already a certified Virginia SWaM business, this target goal will be considered met. The university will not suppress any firm from participating on a project if it meets the requirements as set forth in the terms and conditions of the RFP. Instead, should a business participating in the project, either as a prime contractor or a subcontractor, not be qualified to be certified through the Commonwealth of Virginia as a small business, the university cannot report the spend with that firm for this project toward its 50% targeted goal of utilization of small businesses on all university construction projects.
Upon completion of the contract, the contractor agrees to furnish with the final request for payment, at a minimum, the following information: name of firm with the SBSD certification number or FEIN number, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product or service provided. Payment(s) may be withheld until compliance with the subcontracting spend reporting is received and confirmed. The Owner reserves the right to pursue other appropriate remedies to include, but not be limited to, termination for default.

A template for reporting subcontracting data can be found at:
The university encourages including all subcontractor (SWaM certified and non-SWaM certified) spend on reports submitted.

Withdrawal due to error in bid shall be permitted in accord with Section 9 of the Instructions to Bidders and §2.2-4330, Code of Virginia. The Owner reserves the right to reject any and all bids.

A non-mandatory Pre-Bid Conference is scheduled for 8:30 A.M., local prevailing time, on January 30, 2020 in West End Market Cochrane Hall, Virginia Polytechnic Institute and State University, Blacksburg, Virginia.
